Projects

BankiiFy – Console Based | Java **Jun 2025 - Jul 2025**

- Built a console-driven banking management system in Java using object-oriented programming concepts such as encapsulation, inheritance, and polymorphism.
- Used OOPs to support account creation, deposits, withdrawals, balance inquiry, and transaction history, showcasing strong OOP design, modular structure, and real-world problem-solving skills.
- **Improved code reusability and maintainability by ~45%** using OOP principles.
- **Outcome:** Delivered a robust, scalable application that ensured accurate transaction handling and enhanced understanding of real-world banking system design.
  Tech: Java
- Repository Link: GitHub

KickSense – Full-Stack Sneaker Price Tracking Platform | *React, NodeJS* **Mar 2025 - Apr 2025**

- Designed and built a **scalable full-stack platform** tracking **50+ sneaker SKUs**, enabling real-time price monitoring and market insights. **Improved overall processing efficiency by ~40%**
- Implemented a real-time notification system (email) to deliver personalized price-drop alerts to user.
- Developed a modular backend architecture with RESTful APIs to support high-volume product and user data efficiently.
  Tech: React, NodeJS
- Repository Link: GitHub

Trainings

Summer Training | Java: Core to Advanced

- About : The training focused on the concepts of java which covers core topics to advance level
- Completed a comprehensive training program focused on Core to Advanced Java concepts, including OOP principles, Collections Framework, Exception Handling, Multithreading, JDBC.
- **Engineered hands-on Java project**, applying Core Java concepts to build end-to-end application. This project strengthened practical understanding of **Java development** and **real-world application design, debugging, and optimization**.

Certificates / Certifications

Java: Core to Advance **JUNE 2025**
Board Infinity — LinkedIn

Skills

Languages: Java

Technologies/Frameworks: React JS, Node JS

Domain Skills: Problem-Solving, Responsive Web Design

Education

- **Lovely Professional University** **2023 – Present**
  Bachelor of Technology - Computer Science and Engineering — CGPA: 8.2 *Phagwara, Punjab*
- **Delhi Public School Bulandshahar** **2022 – 2023**
  12th — Percentage: 82% *Bulandshahar, Uttar Pradesh*
- **Delhi Public School Bulandshahar** **2020 – 2021**
  10th — Percentage: 93% *Bulandshahar, Uttar Pradesh*
