Skills

- **Languages**: Java, JavaScript
- **Frameworks**: HTML and CSS, NodeJS, React
- **Tools/Platforms**: MongoDB, GitHub
- **Soft Skills**: Analytical-Thinking, Adaptability, Leadership

Projects

BankiiFy – Console Based Banking Application | **GitHub** June 2025 – July 2025

- Built a console-driven banking management system in Java using object-oriented programming concepts such as encapsulation, inheritance, and polymorphism.
- Used OOPs to support account creation, deposits, withdrawals, balance inquiry, and transaction history, showcasing strong OOP design, modular structure, and real-world problem-solving skills.
- **Improved code reusability and maintainability by ~45%** using OOP principles.
- **Outcome:** Delivered a robust, scalable application that ensured accurate transaction handling and enhanced understanding of real-world banking system design.

  Tech: Java

KickSense – Full-Stack Sneaker Price Tracking Platform | GitHub March 2025 – April 2025

- Designed and built a **scalable full-stack platform** tracking **50+ sneaker SKUs**, enabling real-time price monitoring and market insights. **Improved overall processing efficiency by ~40%**
- Implemented a real-time notification system (email) to deliver personalized price-drop alerts to user.
- Developed a modular backend architecture with RESTful APIs to support high-volume product and user data efficiently.

  Tech: React, NodeJS

Trainings

Summer Training – Java Core to Advance: June 2025 – July 2025

- **About**: The training focused on the concepts of java which covers core topics to advance level.
- Completed a comprehensive training program focused on Core to Advanced Java concepts, including OOP principles, Collections Framework, Exception Handling, Multithreading, JDBC.
- **Engineered hands-on Java project**, applying Core Java concepts to build end-to-end application. This project strengthened practical understanding of **Core Java development** and **real-world application design, debugging, and optimization**.

Certificates

- Java: Core to Advance by Board Infinity | LinkedIn June 2025
- Social Networks by NPTEL | LinkedIn May 2025

Education

Lovely Professional University *Punjab, India*
Bachelor of Technology - Computer Science and Engineering; ***CGPA: 8.12*** *August 2023 - Present*

Delhi Public School Bulandshahar, Uttar Pradesh
Intermediate; ***Percentage: 82%*** *April 2022 - March 2023*

Delhi Public School Bulandshahar, Uttar Pradesh
Matriculation; ***Percentage: 93%*** *April 2020 - March 2021*
